PROFESSIONAL SUMMARY

Information Systems graduate with hands-on internship experience building and maintaining responsive websites and web applications. Proficient in modern front-end and back-end frameworks, version control, and agile collaboration, with a strong foundation in clean code practices and UI/UX principles. Seeking a Junior Web Developer role on a dynamic development team.

CORE SKILLS

Frontend:	HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap
Backend / Data:	PHP, MySQL, Node.js, basic database concepts
Tools:	Git/GitHub, VS Code, Figma, Canva, WordPress, Vercel, Google Apps Script
AI Tools:	ChatGPT, Claude, Gemini, GitHub Copilot, Cursor
System / Design:	Responsive Design, UI/UX, System Analysis, DFD, Flowcharts, Use Case Diagrams
Other:	Basic SEO, content management, debugging, cross-browser testing, teamwork

INTERNSHIP EXPERIENCE

Web Development and Digital Marketing Intern | Getmeds Philippines, Inc. | January 2026 - May 2026
Global Pharmaceutical Company — Manila, Philippines

- Contributed to the design and front-end development of company websites, covering visual design, content updates, site maintenance, and ongoing technical improvements.
- Digitalized and automated manual departmental workflows using AI tools, Google Workspace, and Google Apps Script, replacing paper-based processes with system-based ones.
- Provided technical support and troubleshooting across departments, resolving system, software, and hardware concerns for employees.
- Managed and grew the company's social media presence, creating original content, marketing copy, and ad copy aligned with brand voice and platform compliance standards.
- Conducted market, competitor, and audience research to inform content strategy, campaign direction, and audience targeting.

EDUCATION

Bachelor of Science in Information Systems | 2022 - 2026
Dr. Filemon C. Aguilar Memorial College of Las Piñas — Las Piñas City, Manila

- Thesis: AI E-Learning Platform, Study Anywhere Anytime
- Relevant coursework: Web Development, Systems Analysis and Design, Data Structures and Algorithms, Human-Computer Interaction, Artificial Intelligence

PROJECTS

- LearnEase — AI E-Learning Platform** | Capstone / Thesis Project, Team of 3 | 2025 - 2026
- Led frontend design and system planning for an AI-powered e-learning platform (PHP, MySQL) built for NAT exam preparation, featuring lesson management, an AI tutor chat, and role-based dashboards. Proposed the AI direction the project was built around.

CERTIFICATIONS AND TRAINING

- freeCodeCamp:** Responsive Web Design; JavaScript; Front End Development Libraries; English for Developers (A2, B1)
